TO WHOM IT MAY CONCERN

As introduced by Ex-speaker Mr. Karma Choephel, the incumbent Kagyud standing committee member of Tibetan Parliament in exile, American artist Mrs. Paolo Pivi and her collaborators are working on a photo exhibition project related to Tibetan religion and culture.

They are planning to host portraits of Tibetan talkus starting from Castello di Rivoli Museum, Italy, in 2012 and in several other museums across the world. Therefore, we would recommend kind support to them if they approach the concerned institutions and individuals for photos and paintings.
