TIBETAN PARLIAMENT-IN-EXILE

TO WHOM IT MAY CONCERN

This is to state that Mrs. Paola Pivi is a contemporary artiste well-known in the western circles and introduced to us through Tibet supporters in Italy. She, her Tibetan husband Mr. Karma lama and other Co-workers are presently engaged in collecting photos of Tibetan Tulkus which they plan to put up in an exhibition and displayed world-wide.

This is undoubtedly an important venture to support the cause of Tibet, its culture and religion. We therefore request all Tibetan monasteries and Lamas to cooperate with them wholeheartedly, particularly in granting them access to the negatives of the old pictures.
